

CHIROPRACTIC LIFE

THE NEWSLETTER ABOUT HEALTH,
WELLNESS, FUNCTION AND LONGEVITY.

"LIVE LONG AND PROSPER"

We hope you all had a fantastic holiday season and we wish you all the best for the New Year. We have our goals set for this year – trying to serve 100 patients per week by the earliest possible time. Needless to say, we will need your help. Please tell others about your experiences with UC care. Spreading the message is important, especially to ones you care about. Thank you in advance for your assistance. The following is from B.J. Palmer's book "History in the Making". It is the 35th book that he wrote (39 total) and it was written in 1957. I think you can relate to these historic "thots"...

"We can conceive of no more important movement involving human lives than that of improving quality of thinking and quantity of function in living human beings, realizing all that man DOES depends upon these two factors; or, to take a popular subject like medicine, believed in by millions for centuries, which fails to get sick people well, and prove it by their own testimonials; and, at the same time, to take an unpopular subject, unknown, ridiculed by many, such as the Chiropractic philosophy, science and art, which does get sick people well, and prove that on millions of sick lives. This was, and still is, our Big Job ahead of us. With our facts well established, we are on our way..... This cause and cure IS INTERNAL IN EVERY ONE ALIKE – the one great common denominator applies to ALL the human race, in ALL countries, regardless of so-called differences in status of lives....It simplifies the exhaustless medical complex. That's what makes CHIROPRACTIC a universal service to mankind and the CHIROPRACTOR a servant to Innate Intelligence common to ALL people.... A chiropractor could travel to any part of the world, apply his art and get sick people well.... That's what WE KNOW to be a God given service of man to man, making practical the Fatherhood of God and the Brotherhood of man." N'uff said! Hope to see y'all soon. Live long and Prosper.

THANK YOU

We would like to express our appreciation to the following "life-savers" for their referrals - Eva Nadeau, Angela Gilchrist, Heather Mac, Lisa Nadler, Sanejo Leonard. We are truly grateful.

FACTOIDS

2/3 of US corporations pay no income taxes.

If global warming goes the way scientists forecast, within a few decades 30% of Earth's species will go extinct and 200 million people will become climate refugees.

The Pentagon admits that it has lost at least 10 nuclear bombs.

Four of America's ten richest people are Wal-Mart heirs. Even after a major economic collapse, their joint wealth is 107 billion.

60% of processed foods may be made with genetically modified ingredients that have never been proven safe.
