**YOU FEEL ENERGIZED...

That's because all of your body parts are receiving more electro-chemical energy. But ... Believe it or not, you still may have room for improvement.

“YOUR BRAIN HAS A LOT TO SAY”

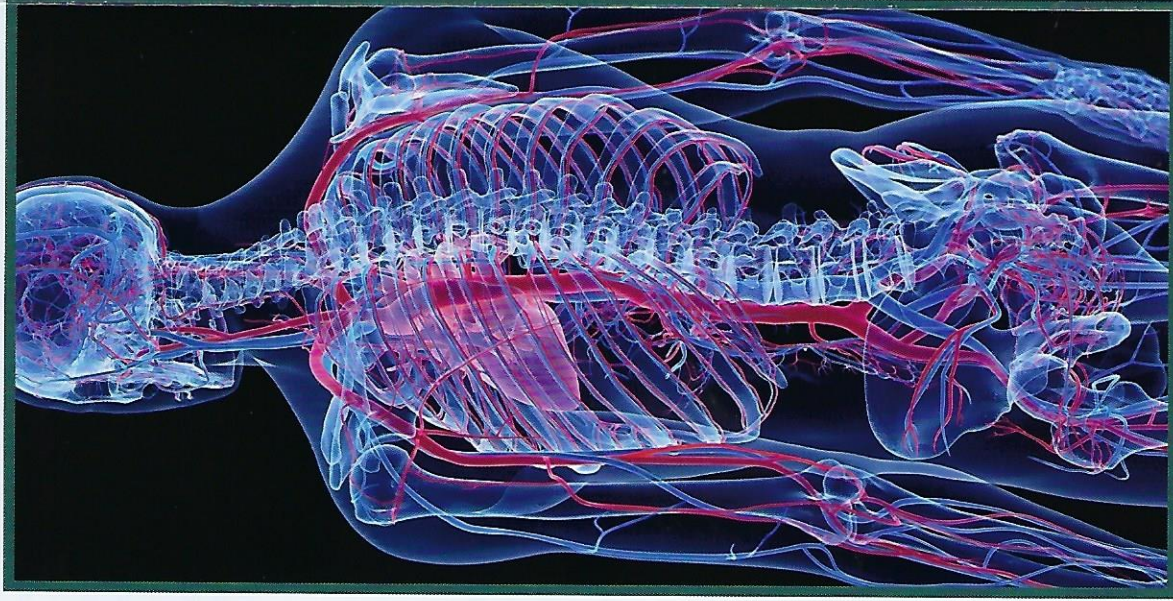

**WE MAKE SURE YOUR
BODY HEARS IT**

At Straight Chiropractic, we do things a bit differently. We focus on the upper cervical spine, and our proven technique is helping a lot of people to get more out of life, without surgery and without medication.

Your body was designed to react to electro-chemical energy, sent to various parts by the brain. When the slightest obstruction interferes with that energy level, your body isn't working as well as it could. You may feel this in different ways... as lack of energy, as pain, or in severe cases, as organ dysfunction. Or maybe you won't even feel it at all... you just won't express all the energy, all the life energy, that your body is able to.

Our specific technique realigns the bones in your upper neck so that your natural life force can flow as it was designed to – freely and completely.

So maybe what you need is a specialized adjustment where it will do the most good ... at your upper cervical vertebrae, and only by the chiropractors at Straight Chiropractic. Call us today for a FREE consultation and we'll show you how it feels to have more life.
